- No semen will be collected or dispatched until the service fee is paid in full. The balance of the service fee can be paid closer to the time of the breeding of your mare but please allow sufficient time for funds to clear before you require semen to be sent.

2. ARTIFICIAL INSEMINATION

- All costs incurred with the collection and freight of semen are the responsibility of the mare owner.
- Collection cost of semen is \$220 per collection.
- Cost of semen transport will vary depending on method of transport chosen (courier or express post) – please consult with stud manager about this.
- Please note that additional transport costs are involved for semen deliveries on Monday, Saturday and Sunday.

3. PREGNANCY TESTING

- A pregnancy test must be performed by a veterinarian on or before eighteen (18) days post insemination and then again between forty (40) and sixty (60) days post conception.

- Wimborne Park Stud is to be notified of the results of pregnancy tests within 7 days of test being performed.

4. PREGNANCY GUARANTEE AND RIGHT TO SUBSTITUTE MARE

- In the event that the mare fails to become pregnant after insemination on 3 separate oestrus cycles the owner may substitute another mare in her place or the balance of the service fee paid will be refunded, less any costs incurred to date.
- An additional handling fee of \$220 will be charged for the substitute mare.

5. LIVE FOAL/YEARLING GUARANTEE

- A Live Foal/Yearling Guarantee is offered to the mare owner in the event that a mare deemed to be pregnant from the breeding to Remembrance Day loses the pregnancy OR the resulting foal from the breeding fails to survive twelve(12) months after birth.
- The Life Foal/Yearling Guarantee is void if loss of the pregnancy or death of the foal is as a result of negligence or neglect.

- Confirmation by a registered veterinarian of the loss of the pregnancy or death of the resulting foal, including a reason for such loss, is required to be received by the stud within 7 days of the loss.
- In the event of the Live Foal/Yearling Guarantee being exercised an additional \$220 handling fee, as well as any other ancillary costs (semen collection, freight, vet fees) associated with the repeat breeding of the mare, is payable on returning the mare or a substitute mare to stud.
- The Live Foal/Yearling Guarantee is only available in the breeding season immediately following the initial service fee purchase and is valid for one repeat breeding only.
- The Live Foal/Yearling Guarantee does not guarantee that any particular mare will become pregnant or have a live foal born, nor does it guarantee that any particular foal will survive to 12 months of age.
- The Live foal /Yearling Guarantee is for a repeat breeding only and cannot be exchanged for cash.

6. MULTIPLE MARE DISCOUNT

- Service fee for the first mare is \$1100, service fee for the 2nd mare is \$990, and service fee for the 3rd and subsequent mares is \$900.

Transported chilled semen

- Mare owners are advised to have their mares assessed for breeding soundness before breeding by a veterinarian.
- Please contact the stud on your mare's first day in season on the cycle you wish to breed.
- Please endeavour to give the stud at least 24 hours notice before a collection is required to be shipped.
- Try to plan for your mare to be inseminated midweek – this keeps vet and transport costs to a minimum.
- Consult with your veterinarian on how to manipulate your mare's cycle so that she is most likely to need a midweek insemination.

Please supply your veterinarian's details if the insemination is to occur via transported chilled semen.
